Testimonials from the speakers/ presenters of our past conferences

TESTIMONIAL

The RI Integrative Mental Health conference is a great opportunity to learn integrative care techniques and network with like-minded providers at the local level. This is the place to show your passion. Yes, we have our own tribe right here in Rhode Island!

In this space, you will be respected regardless of your training and skills as we have one goal in mind: putting people on the path of healing. This is a conference you can call home.

TESTIMONIAL

The Integrative Mental Health Conference is so valuable! It was an honor to speak at the inaugural conference. I attended both so far and look forward to this third one! It was amazing to spend a weekend with so many people interested in integrative health for personal and/or professional reasons. There were so many amazing teachers and participants. I have gratitude and awe for the organizers. I am especially struck by the variety of teachers & teachings. A container of mutual respect created a strong sense of diversity with unity. I gained so many insights for my own healing and also to bring to people I help professionally. I wholeheartedly recommend anyone interested in their own wellbeing or that of others to attend this wonderful conference!

TESTIMONIAL

"I was honored to speak at the Integrative Mental Health Conference. It was an excellent event with focused yet wide variety of speakers. Personally, I learned so much from the other speakers. Additionally, the audience was very engaged and thoughtful. I highly recommend this event for both personal and professional reasons. You will not be disappointed!"

★★★★★

JONATHAN GLASS, ND, M.A.C. AYURVEDIC PRACTITIONER

<https://healingessencecenter.com/jonathan-glass/>

TESTIMONIAL

I had the privilege of speaking at and attending this conference for several years. I was amazed at the level of talent and the diversity of skills at this conference. I really had no idea that many of these clinicians existed in our area. I not only learned a great deal, but being able to network with my colleagues greatly contributed to a wider referral network for my practice. Conventional medicine/ psychiatry is failing to provide us with better outcomes for our patients. This conference gives you the tools you need to give your patients what they need to get better. Highly recommend this conference!

TESTIMONIAL

Sunday well spent as a speaker/ presenter at the Integrative Mental Health Conference; sharing my experience of homeopathy, some history and facts about homeopathy along with sharing my cured cases. Learning few other holistic modalities and meeting like minded people!! I came home with so much knowledge shared by other presenters I listened to!! Thank you Maria Sorensen and thanks to each and everyone at the Integrative Mental Health conference 2019 and looking forward to the future ones!!

VANDANA PITKE BHMS MS CCH CERTIFIED HOMEOPATH

<https://www.omhomeopathy.com>

TESTIMONIAL

"The conference was a harbinger of several years of an explosion of the healing community. This conference felt like a launchpad of passion, a cross pollination from plant medicine, animism to therapeutic applications of insight yoga. I was amazed at the breadth of folks ranging from ancestral lineage healing practitioners like Steve Cook to Kambo information sessions with Luke Destefano. Friendships have been ignited and truly folks have been connected to the next steps on their path to healing. What I appreciated most was the accessibility of folks to make connections and fortify the connection in our New England Healing arts community"
